THE FOUR WAY TEST

Is it the **Truth**? Is it **Fair** to all concerned? Will it build **Good Will** and **Better Friendship**? Will it **be Beneficial** to all concerned?

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

FIRST: The Development of acquaintance as an opportunity of service;

SECOND: High ethical standards in business and professions; the recognition of the worthiness of all useful occupations, and the dignifying by each Rotarian of his occupation as an opportunity to serve society;

THIRD: The application of the ideal of service by all Rotarians to their personal business, and community life;

FOURTH: The advancement of international understanding, goodwill, and peace through a world of fellowship of business and professional men and women united in the ideal of service.

January is National Human Trafficking Prevention Month January 21, 2025

Investigator Joseph Ramos, Turlock Police Department and the Red Sand Project

At our meeting on January 21st, the Rotary Club of Turlock heard an excellent presentation by Investigator Joseph Ramos of the Turlock Police Department about the growing problem of human trafficking and how local law enforcement agencies are dealing with it. After the meeting, our members walked to the entrance of the county fairgrounds, where we meet, to spread red sand into the cracks of the asphalt. The Red Sand Project uses various sidewalk artworks to bring attention to human trafficking, including pouring red sand into cracks to symbolize not letting any victim of human trafficking fall through the cracks. It is just one of many efforts by the Red Sand Project to bring more attention to the fact that 50 million people worldwide, including many in our own communities, are being trafficked or living in modern slavery, mostly for sexual exploitation. By providing greater awareness, we can all be more alert for the presence of such trafficking victims and immediately notifying our local police departments who are eager and prepared to rescue them. The Red Sand Project is active in 70 countries around the world.

Coming Up:
